## Experience

### DEVELOPER | SYSTEM ENGINEER | TATA CONSULTANCY SERVICES (TCS)

March 2021 - present

- Worked closely with DevOps to **migrate** a **high-resolution image viewing application** from on-premises to CaaS.
- **Migrated code-repositories** from bitbucket to GitLab.
- Successfully developed and delivered two access management applications for **AWS** and corporate **LDAP** using **Angular** with over 95% customer satisfaction rating.
- Developed **REST APIs** for aforementioned web applications on **AWS** using **python**. Used S3, API gateway, CloudFront, AWS lambda, SES and Step functions for the same.
- Developed a blogging application using **MEAN** stack during training and also developed UI for an application using **Angular** that fetched data from JIRA and displayed it in graphical format.
- Recognized as a **contextual master** in TCS due to my successful and efficient project execution that brought value to the customer.

## Technical Skills

- UI Development – Angular 12+, React, HTML, CSS, SCSS, REDUX, Angular Material, Jasmine
- Backend Development – NodeJS, Express, Python Flask
- DB – MongoDB with Mongoose, Familiar with SQL (MySQL, Postgres)
- Cloud Services – AWS
- Languages Known – Python, JavaScript, TypeScript

## Awards and Recognition

- TCS - Contextual Master, Best Team Award, Applause Award, On the Spot Award

## Personal Projects

### OPEN API (WORK IN PROGRESS)

- Built using **ReactJS** and **Material UI**, Responsive design. Uses lazy loading to improve performance.
- This web-application provides a list of more than 1.4K open-source API's, user can filter-out from the list using various filtering options available. Thanks to 'public-apis' project.

### WEB-STORE (E-COMMERCE STORE USING REACTJS)

- E-commerce mobile store, with complete cart functionality like adding more items, increasing or decreasing items, removing items and clearing cart.
- Used google fonts, font awesome icons and styled components to enhance UX. Added PayPal button using react-paypal-express-checkout.

## Education

### B. TECH | JUNE 2020 | SETH JAI PARKASH MUKANDLAL INSTITUE OF TECHNOLOGY

- Major: Electronics and Communication
